

BRA SIZE MEASURING GUIDE

FACT: The majority of women out there are wearing the wrong bra size. Use this guide to help them find their perfect fit...

step 1:

measure directly under your bust and pull as tight as feels comfortable

step 2:

then measure the fullest part of your bust in a loose way so that the tape is not digging in

step 3:

find the cross over point of these 2 measurements on the chart below and you've got your size!

fullest part of bust
